

TEAM NEVER QUIT

AMMUNITION

Ammunition Data Sheet

TNQ .223 Rem. 55 grain Hunting

"I will never quit. My nation expects me to be physically harder and mentally stronger than my enemies. If knocked down i will get back up, every time. I will draw on every remaining ounce of strength to protect my teammates and to accomplish our mission. I am never out of the fight."

It is the above thought process and focus that drives the TNQ brand and ammunition line. Marcus, is a strong advocate of training and tactical shooting with the best possible ammunition that can be put through your weapon. This is why he set out to bring the TNQ ammunition brand to the market for shooters who are serious about shooting the best quality products, whether it be at the range, at a match, or to rely on for self defense.

Physical Description

- Bullet: 55 grain Solid Copper Maker T-Rex
- Primer: O.E.M. primer (Standard)
- Cartridge case: O.E.M. new brass casing
- Powder: O.E.M. non-canister
- Assembly: Newly manufactured. Conforms to SAAMI/ANSI standards

Performance

- Velocity: 3,005 fps.* nominal in 24 in. SAAMI test barrel
- Maximum Range: 3850 ft. maximum horizontal range

TNQ ammunition's precision made and individually inspected bullets are of the utmost quality which translates to accuracy with every shot. The heavy jacket base prevents bullet deformation during firing and holds together at extreme velocities as well as a polycarbonate tip that resists deformation in the magazine and initiates expansion upon impact.

TNQ Premium .223 rounds are built on state of the art loading presses in a controlled manufacturing environment. Every round is hand inspected for defects and chamber gauged to guarantee flawless operation in the field. Marcus himself has inserted himself into the Quality process to put his name behind every round of ammunition produced in the TNQ brand!

A percentage of the revenue generated on every round goes to support the Lone Survivor Foundation – www.lonesurvivorfoundation.org, assisting our wounded Military Service members with health, wellness, and therapeutic support.

Range (yards)	Velocity (ft/sec)	Total Drop (inches)
0	3005	-1.5
50	2709	0
100	2417	0
200	1889	-4.58
300	1446	-19.26
400	1133	-51.46
500	969	-111

NEW

MAKER T-REX

Tipped - Rapid Expanding Bullet

The T-REX Bullets are Precision Machined from lead free solid copper. These Projectiles expand nearly 3 times the original diameter while maintaining nearly 100% of its original weight. These Projectiles have a polymer tip that will increase the BC of the bullet.
